

COLLABORATION OPPORTUNITY

With the aim of working together through sharing ideas and accomplishing a common goal, Training and Capacity Building Division (TCB) of Quality Council of India, leads in the development of strategic partnerships and collaborations with its stakeholders. TCB has collaborated with Central and State Governments, Regulators, Conformity assessment bodies, Academia, National organizations and other stakeholders to spread the knowledge of quality infrastructure in the country. Apart from collaborations in the country, TCB collaborates with international organizations like accreditation bodies, conformity assessment bodies, National meteorological institutes, industries of other countries and international organizations like World Bank, PTB, Germany, etc. In the same spirit, TCB has signed several Memorandums of Understanding (MoUs) / Agreements with reputed organizations.

To generate a skilled professional workforce and to build the capacity of students, TCB has collaborated with various institutes, academic organizations, associations. By completing TCB Courses/Trainings which are imparted in collaboration with various bodies across the nation, learners can improve their career prospects and job opportunities. TCB, QCI has signed MOUs with academic and other reputed institutes like NITTR Chandigarh, GLA Mathura, CVRGI Bhubaneswar, SRM-University Sikkim, National Productivity Council etc.

If you are interested to collaborate with TCB, please contact at tcb@qcin.org.
